**2. Whether the figures have been audited or reviewed and in accordance with which standard (e.g. the Singapore Standard on Auditing 910 (Engagements to Review Financial Statements), or an equivalent standard).**

The figures have not been audited or reviewed by our auditors.

**3. Where the figures have been audited or reviewed, the auditors' report (including any qualifications or emphasis of a matter).**

Not applicable.

**4. Whether the same accounting policies and methods of computation as in the issuer's most recently audited annual financial statements have been applied.**

The Group has applied the same accounting policies and methods of computation in the financial statements for the current financial period compared to the audited financial statements as at 31 March 2007.

In the second quarter FY2007-08, the Group has completed the designation and documentation of the hedge relationship for its foreign currency hedging instruments, and being compliant with the hedge accounting requirements of Financial Reporting Standard (FRS) 39: Financial Instruments – Recognition and Measurement, the Group adopted hedge accounting. The adoption of hedge accounting for the Group's foreign currency cash flow hedges has resulted in the Group recognising the effective portion of the gain or loss on the hedging instrument directly in the fair value reserve, and the ineffective portion in the profit and loss account.

From annual period beginning 1 April 2007, the Group will apply FRS 107 and the amendment to FRS 1. FRS 107 introduces new disclosures to improve the information about financial instruments. It requires the disclosure of qualitative and quantitative information about exposure to risks arising from financial instruments, including specified minimum disclosures about credit risk, liquidity risk and market risk, including sensitivity analysis to market risk. The amendment to FRS 1 requires the Group to make new disclosures to enable users of the financial statements to evaluate the Group's objectives, policies and processes for managing capital.

5. **If there are any changes in the accounting policies and methods of computation, including any required by an accounting standard, what has changed, as well as the reasons for, and the effect of, the change.**

Please refer to paragraph 4.
